Make-up: Ruby & Millie Concealer, Make Up Forever Face Liquid, Chanel Poudre Caresse, Origins Pinch Your Cheeks cream blusher and Nars Body Glow.

Hair: cut by Kerry Warn, one of the creative directors at John Frieda International (tel: 020 7491 0840).

Favourite treatment: I love having acupuncture done by Robert Ogilvie in Primrose Hill, who is amazing and seems to cure all my ailments.

Supplements: a selection of Solgar multivitamins.

Beauty secret: my very special make-up artist Robert McCann (tel: 020 7870 0932).

Skincare: I don't really have a specific routine apart from splashing my face with lots of water, which really wakes me up and plumps up my skin. I do, however, love cleansing my face with Triple Rose Water.

Make-up: Vaseline, Origins Fringe Benefits Mascara and No. 7 Press Powder in Translucent. Miss Selfridge do fab tinted lip-glosses.

Hair: my sister Gillian always cuts my hair.

Favourite treatment: I don't go to anyone in particular but a really good back massage does wonders for my relaxation and is always a real treat.

Supplements: I take multivitamins religiously every day.

Beauty secrets: being happy and having loads of fun.
